Programs in Lodge Room and Theatre Entertain Guests-Big Night For All Masons

Phoenix lodge No. 62, F. &. A. Masons, was in possession of its own home, free of debt, today, following the formal transfer. Wednesday night, of the second floor of the Masonic temple by the Phoenix Masonic Temple association, at the largest social event in the history of the lodge.

Eight hundred and fifty persons, including Masons and members of the Eastern Star and higher branches of the order, together with members of their families, registered as guests, and it is estimated the crowd was close to one thousand, since there were many who did not sign the registration books.

The big achievement of the evening was the serving of approximately seven hundred and fifty persons at Declares Basic Thing About Humantables, with an elaborate course chicken dinner, in less than three hours.

The fcod was cooked at St. Paul's Methodist Episcopal church kitchen by the Ladies Aid Society and hauled largely satisfied with less than the a round trip every fifteen minutes. By following this plan, it was possible to serve the dinner hot.

WAR MOTHERS APPEAL FOR USED CLOTHING

Decide to Respond to Request For Assistance for Near East Relief Sufferers

TO SHIP NEXT THURSDAY

The Rush county chapter of War Mothers has decided to respond to the appeal of Near East Relief for old clothing to be sent to orphans of the Bible lands and today issued an appeal for help in the undertak-

Clothing that can be used is itemized as follows: coats and sweaters, dresses, blankets, wool shirts, heavy hose, wool gloves, boots and shoes (tied in pairs) shop worn garments, sheets for bandages, new cloth or any heavy warm clothing in which there is some wear.

Those who wish to contribute are asked to take or send their bundles to Charles Moore's barber shop in West Second street and they will be packed and shipped to Indianapolis next Thursday.

Indiana hopes to ship two cars of clothing within three weeks for the relief of 802,000 former Christian citizens of Turkey, who are Greeks and Armenians by birth. This number includes 100,000 motherless and fatherless children. The worst blizzard in years has made the need especially great at this time.

The War Mothers at their regular meeting Wednesday afternoon, at the home of Mrs. Charles Moore, elected new officers as follows: County War Mother, Mrs. Susanna Cooning; Mrs. Belle Allen, first vice president; Mrs. Belle Wagoner, second vice president, Mrs. Ora Stoops, secretary; Mrs. Rose Moore, treas-

JUNIOR GENERAL ASSEMBLY

School Convention Will be Held January 30 at Which Each School May Send a Delegate

The election board in charge of the arrangements of the Junior General Assembly, will meet tonight to consider plans for picking a representative from the schools of Rush county, to attend the state meeting to be held in Indianapolis in March. The election board in this county is composed of B. D. Farthing, county school superintendent, as chairman, and with the other two members being L. A. Lockwood, principal of the Carthage school, and Dear Walker, history teacher in the Rush-

ille high school. The purpose of the board meeting tonight is to formulate plans as to the manner in which the one representative is to be picked from the entire county schools.

A county convention is to be held January 30, at which time each high school in Rush county is entitled to send one delegate and thes delegate are to do the electing of the representative.

The election board tonight will have to decide how the variou schools are going to pick their on delegate, and it is believed that th policy to be followed out will be to delegate, and a preliminary election by ballot will be held in each high school, with the pupil receiving the most votes, being the school dele

A new angle in the Ohio-Indiana motor truck war was drawn in the senate when Senator Hill of Carthage introduced a concurrent resolution for the arrest of the drivers of all trucks operated in Indiana by Ohio concerns.

Senator Hill declared that Ohio public service commission had ordered the arrest of the drivers of he trucks of Hiner's Red Ball Transit Company of Indianapolis, operating in that state. He asked adoption of the resolution to retaliate against the commission's action and prevent further arrest of Indiana drivers.

The resolution was referred to committee when Senator Dailey of ndianapolis declared that all paries involved should be given a hearing before action is taken.

The "speedway" bill killed by the louse, would have prevented holding the 500 mile automobile races on Decoration Day.

Without opposition the house adopted the recommendation of the norals committee that it be indefinitely postponed.

Bills endorsed by the Indiana Isnae Walton league to further regulate fishing and hunting in the state vere introduced simultaneously in both houses.

The cooperative marketing bill exacted to be reported by the house and senate committee on agriculture was held up in committee during the morning session.

Comment of Ross Reed, State Motor Policeman, Who Has Charge of Territory including This County

WARNS AUTOMOBILE OWNERS

The sale of 1925 automobile license plates are showing signs of considerable neglect on the part of automobile owners in Rush county, according to Ross Reed, state motor policeman, who has charge of the territory including this county.

Officer Reed was in Rushville today making a survey, and working on orders from Robert Humes, chief of the staff, he is stopping motorists now and calling attention to the fact that they had better purchase the new plates.

Although the custom of giving motorists a few weeks in the new year as a period of grace, yet the law sets out that the plates should be purchased by January 1 and after being reminded by the state police to secure the new plates, failure to do so, makes one liable for arrest. according to Mr. Reed.

He also called attention to the fact that this county was far below sanitation due to the great numbers diffication of present laws governing others on applications for drivers or registration and licensing of motor chauffeur's licenses, and a deterwehicles is provided in a bill intro- mined effort will be made in a few days to see to it that this section of the law is enforced, he said. The fee bill is not an administration measure is small for drivers, and it may save many from being brought into court.

An Appreciation

President Coolidge paid a tribute so well deserved, to the newspapers of America, in a recent address, that there is not a newspaper so humble but what is justified in printing the words of the president, who expressed a deep and sincere conviction that he holds regarding their Nifty! That's the word. And maybe value.

Any newspaper refering to the president's words, can do so without sacrifices that they are always making for the good of the community and the nation at large.

newspapers are the best newspapers in the world, that they are particuidealism of the people and that they print more real news and moer reliable and characteristic news than the newspapers of any other coun-

Then, with an unusually keen sense for one who has never had newspaper experience, of the struggles for accuracy, fairness and excellency, which daily and weekly goes on in the editorial offices of all papers great or small, the president said:

"I believe their editorial opinion are less colored in influence by mere partisanship or selfish interest than are those of any other country Moreover, I believe that our Ameri can press is more independent, mor reliable and less partisan today than at any other time in its history."

Here, surely, is a tribute from one not associated with the newspaper business at any time in his life, which should be appreciated by every newspaper, especially since is comes from one so high in authority not alone in the councils of the United States, but of the world as

It demonstrates that he has applied the vardstick of service to the newspapers and has found that they are not wanting-that they, on the average, have realized what their obligations are and are trying to live up to them.

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find

quick relief through Dr. Edwards'Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week

An enlarged social program will prove of great benefit, not alone to the lodge, but to the whole community, because it will promote friendliness and good fellowship mong Masons and their families.

Rushville, and Rush county for that matter, have a right to take pride in the fact that they have men with enough public spirit to save the Masonic Temple for the Masons, so that they will always have a lodge home here. And it will be a lodge some not alone for Masons who are nembers of Phoenix Lodge, but for

all Masons of the county. The saving of the Masonic temple was a great public service to Rushville and Rush county and is deserving of unstinted praise.

BY HARRY B. HUNT NEA Service Writer

WASHINGTON - Persons who predict a change in the general conduct of our foreign affairs after March 4 when Secretary Hughes gives way at the State Department to Frank B. Kellogg, doubtless are influenced in no small degree by the widely different physical and mental makeup of the two men

Hughes, erect, stalwart brim ming over with vim and vitality. typified aggressiveness, decision action. He more than any other cabinet member conveyed an impression of dominance, of sureness in himself and in his grasp of departmental problems

No such impression is conveyed by the bearing of the secretary tobe. Neither physically nor temperamentally will he be able to present the "front" which Hughes gave to the job.

By birth only five years older than Hughes, Kellogg has the appearance of an old man while Hughes looks to be just in his Kellogg's hair is snow white.

His shoulders are stooped and his features creased with the sagging lines of age Instead of the certainty and decision with which Hughes meets

hesitancy in Kellogg's attitude and in his answers when under a cross-fire of questions He seems passive rather than active; to take a defensive rather than an offensive position when

facing a test of wits or strength.

. . .

questioners, there is a nervous

THIS attitude won for Kellogg, as a United States senator, a nickname radically different from that which first brought him into public prominence.

He first got national notice when, as special counsel for the government, he conducted the dissolution suits against the Standard Oil Company, the Paper Trust and the Union Pacific-Southern Pacific

This brought him the title of "Trust Buster Kellogg." His conduct of these cases also won him something of a reputation as a 'progressive" or insurgent Repub-

THE DAILY REPUBLICAN, RUSHVILLE, IND.

As a senator, however, Kellogg evidenced few signs of his old trest-busting vigor, and none at all of progressivism. He was a

regular with the regulars And his petulance with interviewers during this period which preceded his defeat for re-election to the Senate won him in capital circles the alliterative nickname

of "Nervous Nellie" DRESIDENT COOLIDGE has made it plain that he does not expect the change in his secretary of state to result in any change of foreign policy And it may not consciously

But unconsciously, so far as the White House is concerned, it seems inevitable that the Department of State under Frank B. Kellogg will not be quite the Department of State it has been under Charles Evans Hughes

Intentionally or not, the per sonality and the temperament of the new incumbent will pave the way to a change. Whereas Hughes dominated the department and was supposed likewise to dominate the executive's ideas on foreign affairs. Kellogg is cast to play the part in a less self-assertive way

Instead of the "Hughes' policy" in foreign affairs, which was impervious to penetration by outside influences, we will now have an "administration" policy, in which will be blended not only the best thought of the secretary of state but also of the president and other leaders in the party and the administration.

NOT the least interesting of the tests of influence which Kellogg must face will be that exerted by the new chairman of the Senate Committee on Foreign Affairs, Senator Borah

Borah's square chin was offset by Hughes' square whiskers. Kellogg, without squareness either of chin or whiskers, may be less able to withstand Borah's assaults.

(By United Press)

Indianapolis, Ind., Jan. 22-Charges that railroads and traction interests are lobbying in the hope of having regulation of busses placed in the hands of the state public service commission are made in a publie communication today to the legislature.

The communication is signed by W. B. Hiner, of the Hiner Red Ball Lines and the Red Ball Terminal company.

"The railroads and tractions want \\ the public service commission to handle but rates for the benefit of the interurbans and the railroads at the expense of the public," the communication sets forth.

"Bear in mind that the public service motor control proposal is the final prelude to railroad monopolifinal prelude to railroad monopolication at still higher rates than you are paying."

Senator Lindley, Republican, announced today he is preparing to introduce a joint resolution striking at federal aid for the state highways of Indiana and at "paternalistic government ingeneral.'

The resolution will ask that federal aid on roads be discontinued, Senator Lindley declared.

"The system of federal aid is not right," he said. "Indiana contributes its pro rata share of federal taxes and if it cannot raise enough taxes for highway support alloted this state by the government, it doesn't get the aid.

Then the money goes to some ofher state that is richer than Indiana or that raises more taxes for road purposes than we do."

Easy Way to Break Severest Cough

No matter how long you have had a persistent, weakening cough-no matter how many remedies you have tried ter how many remedies you have tried without success—you can usually get relief instantly, and often relieve the entire cough condition in 24 hours, by a very simple method. The method is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it, without following with water. The prescription has a double action, It not only soothes and heals soreness and irritation, but it quickly loosens and removes the palegm and congestion which are the direct cause of the coughing. The prompt relief seems almost magical, and the quickness with which the whole cough condition disappears is often simply amazing. There is nothpears is often simply amazing. Men! Don't Come Home Fagged Out by Hard Work

DOCTORS say that in an enormous number of cases when men come home physically and mentally "all in," nervous and cranky, the real cause is not hard work, but thin, pale, watery blood, deficient in strength-giving iron. Once this iron is restored to the blood it is often astonishing how quickly these men gain new strength, nerve force and endurance.

But be sure the iron you take is organic iron—Nuxated Iron—and not the old-fashioned liquid medicines and pills made by the action of powerful acids on ordinary mineral iron. Nuxated Iron is a natural organic iron, like the iron in your own blood, and like that in spinach and lentils. Does not injure teeth nor disturb the stomach. So remarkable are the effects of Nuxated Iron that thousands of weak, nervous, fagged out men and women have often increased their strength, energy, and endurance in only two weeks time.

Try Nuxated Iron just two weeks. Money back if not delighted. But make certain you get genuine guaranteed Nuxated Iron tablets with the letters N I on every tablet. At all good druggists. But be sure the iron you take is organic iron

When the big money boom in boxing came along with the restoration of the sport in New York, an astute manager with a diligent fighter could have made the title worth a lot of money. If the class is a back-number now, it is McTigue's fault, because interest cannot be maintained activity to keep it going.

McTigue got a lot of advertising Just as most teams are banking when he returned from Georgia and said that he had been "klucked" in his first fight with Young Stribling and that he was forced, with a gun in is back, to enter the ring and fight with a broken hand.

> He spoiled what would have been good chance to redeem himself when he made a miserable showing against Stribling in a return bout in Newark and he would have lost the title if the boxing law in New Jersey permitted the referee to give a decision.

Gene Tunney, the so-called A merican light-heavyweight champion, tried to get a match with Me-Tigue after the second Stribling bout, when the experts agreed that Mike would be beaten the first time he met a good man in a decision fight. McTigue refused to fight Tunnew and he would have been suspended if the New York Boxing Commission had any jurisdiction over him. McTigue was smart enough to remove himself from the reach of the New York commission by not taking out a license.

McTique, however, cannot be blamed for giving the deaf ear to Tunney and Tunney is not in a good position to complain, because Tunney is holding on to his title in the same way. Tom Gibbons challenged Tunney and several promoters tried to make the match before Gibbons asked the commission to force Tunney to fight him. Until he fights Gibbons and proves the right to his own Newkirk title, he can't stand within his glass house and toss verbal stones at Me

Of the many mistakes that Me Tigue has made to discredit himself, the worst came when he accepted a match with Mickey Walker, the welterweight champion. There was nothing for him to gain in such a contest but an ordinary purse and he had everything to lose. In fact he lost everything but his title and in his case the title is only so many letters. If he had beaten or had knocked out Walker, he would have been panned for picking on a little fellow. Reductions are announced in the prices of good Maxwell models, coincident with the advent of the new Standard Sedan.

The new good Maxwell has long led in value all other cars in its field, because as a dollar-for-dollar buy its quality could not be equaled. Not only in performance and riding qualities does it surpass all fours, but these new and lower prices now make it a better investment than ever before, and great values are made still greater.

Eight hundred and fifty persons, including Masons and members of the Eastern Star and higher branches of the order, together with members of their families, registered as guests, and it is estimated the crowd was close to one thousand, since there were many who did not sign the registration books

The big achievement of the evening was the serving of approximately seven hundred and fifty persons at tables, with an elaborate course chicken dinner, in less than three

The food was cooked at St. Paul's Methodist Episcopal church kitchen by the Ladies Aid Society and hauled to the Temple in a truck, which made a round trip every fifteen minutes By following this plan, it was possible to serve the dinner hot.

Forty Masons served as waiters and 180 people were seated at one time, 110 in the main dining room and 70 in one of the reception rooms, where small tables were in

To Manley Pearce, also, belongs the credit for having carried through the scheme to place the lodge quarters in possession of Phoenix lodge, without a single debt against it. At the head of the committee in charge of the work, he spent days in interviewing holders of the temple association stock, persuading them to give their stock to the lodge and in raising money to pay for stock owned in large blocks which was purchased below par value.

At the last moment, when seemed that the transfer of the building from the association to the new owners could not be accomplished, due to miscarrying of tenta-(Continued on Page Three)

HERE FOR CHURCH MEETING

Declares Basic Thing About Humanity is That it Can be Changed -Mentions Substitutes

"Men and women of today are largely satisfied with less than the best," said the Rev. Harry L. Crain of Frankfort, Moderator, of the Presbyterian Synod of Indiana, in an address today noon to the Rushville Kiwanis club, when he spoke on, "The Real Thing."

The Rev. Mr. Crain, who is to deliver the Centennial address tonight at the First Presbyterian church, and carried a message that was well received by the club members.

"The basic thing about humanity" he said, "is that it can be changed. A man who is wrong can be made right, and those whose ideals, affections and ambitions are counterfeit, can be made to exchange them for the real thing."

The Rev. Mr. Crain stated that there were many cheap substitutes in this world for everything, and that many of these counterfeits closely esembled the real thing. He urged that parents rear their children to appreciate and apply the real thing in their ideals, ambitions, and affections, in order to correct and ovcreome the cheap substitutes.

He reviewed the substitutes that are used for so called art. He also spoke of the counterfeit for music, calling attention to the fact—that real jazz music requires - a master musician, but often times cheaper abstitutes are offered, and the musie is called jazz.

"The most damaging counterfeit n this country today," he said, "is he counterfeit on liberty." The abuse of laws and other violations are frequently shielded by the guilty person by claiming liberty as his guide, he continued.

Then the speaker called attention o the many substitutes and counterfeits offered by persons who claim to be a success in life. Others have happiness that is only counterfeited for the real thing, he said, and as this is in a great measure, a pleasure seeking age, he said people are many times counterfeiting pleasure for happiness. "Pleasure is a by-product in life", he said.

In closing the Rev. Mr. Crain pleaded for real homes, real businessmen and real friendship, and he itemized each one, showing the many substitutes and counterfeits that are to be found in those three important things.

He also pointed out the substitutes for patriotism, and for religion, and urged that if mankind could awake some morning and find the world in The trio was arrested after Tthe a frame of mind, willing only to acen out of business, home life, friendmove around peacefully and only

Morton S. Hawkins Must Stand Trial, U. S. Commissioner Rules.

Hawkins, alleged master mind of the so called Hawkins Mortgage swindle of Portland, went back to jail today. Hawkins fought and lost in his hearing before the United States

commissioner Ivings, who ordered him held for removal forthwith to federal court at Indianapolis and fixed his bond at \$20,000 the amount put up sometime ago by friends when he was arrested as a fugitive from

Attorneys for Hawkins said no attempt would be made to provide bond at this time.

WAR MOTHERS APPEAL FOR USED CLOTHING

Assistance for Near East Relief Sufferers

TO SHIP WEXT THURSDAY.

The Rush county chapter of War Mothers has decided to respond to the appeal of Near East Kelief for profitable. old clothing to be sent to orphans of the Bible lands and today issued an appeal for help in the undertak-

Clothing that can be used is itemized as follows: coats and sweaters, dresses, blankets, wool shirts, heavy hose, wool gloves, boots and shoes (tied in pairs) shop worn garments, sheets for bandages, new cloth or any heavy warm clothing in which there is some wear.

Those who wish to contribute are asked to take or send their bundles to Charles Moore's barber shop in West Second street and they will be packed and shipped to Indianapolis next Thursday.

Indiana hopes to ship two cars of clothing within three weeks for the relief of 802,000 former Christian citizens of Turkey, who are Greeks and Armenians by hirth. This number includes 100,000 motherless and fatherless children. The worst blizzard in years has made the need especially great at this time. The War Mothers at their regular

meeting Wednesday afternoon, at the home of Mrs. Charles Moore, elected new officers as follows: County War Mother, Mrs. Susanna Cooning; Mrs. Belle Allen, first vice president; Mrs. Belle Wagoner, second vice president, Mrs. Ora Stoops secretary; Mrs. Rose Moore, treasurer.

SANITATION BIG QUESTION

James R. Wiley of Purdue Points Out That Raising Larger Litters is The Solution

Over fifty of the leading hogmen in the county attended a meeting at the court house Wednesday after- policy to be followed out will be to noon to consider the adoption of a county swine program for the year.

business?" was the first question school, with the pupil receiving the raised.

The answer was that Rush county produce big crops of corn. Right at the present time there is an abnor- pil in high school, but the nominamal corn and hog situation. Corn is scarce and high and ogs are relatively low. This situation has existed for about two years. Many have reduced their hog feeding operations. But the fact is that hogs consume displayed in several schools, where forty to fifty percent of the corn produced. It is hogs and other live- ed for the place. stocks that make corn production

The next question discussed was "How can Rush County produce hogs more economically?"

"Fundamentally, it must come about from raising larger litterspigs that have easy feeding ability," said James R. Wiley of Purdue in answer.

"The big problem of bigger litters in Rush county is sanitation. In the ton litter club last year the average number of pigs raised per sow by 160 members increased as sanitary surroundings were bettered.

"Ordinary methods, or simply clean only 5 pigs per litter being raised.

"On farms where the farrowing pens were cleaned and thoroughly disinfected before farrowing time the brood sows udders washed off and the sows and pigs were run in weaning time, an average of eight pigs was raised per sow.

Proper sanitation increased the Wiley stated that on the majority of Rush county farms there was much need to practice methods of of hogs raised each year, under which condition there was a tendeney toward permanent hog lots.

MOTORISTS NEGLECTING TO BUY NEW LICENSES

Comment of Ross Reed, State Motor Policeman, Who Has Charge of Territory including This County

WARNS AUTOMOBILE OWNERS

The sale of 1925 automobile license plates are showing signs of considerable neglect on the part of automobile owners in Rush county, according to Ross Reed, state mo-

Officer Reed was in Rushville today making a survey, and working now and calling attention to the fact that they had better purchase the new plates.

Although the custom of giving motorists a few weeks in the new year as a period of grace, yet the law sets out that the plates should be purchased by January 1 and after to secure the new plates, failure to do so, makes one liable for arrest, according to Mr. Reed. -

He also called attention to the fact that this county was far below others on applications for drivers or chauffeur's licenses, and a determined effort will be made in a few days to see to it that this section of the law is enforced, he said. The fee is small for drivers, and it may save many from being brought into court.

Walton Petecte, secretary of the National Co-operative Marketing Association, appeared before the committees to urge favorable action on the bill.

"The farmers are helpless under esent marketing conditions to remedy their economic plight," he said. "The cooperative marketing system proposed by this measure will give them a fighting chance to beat the profiteers!"

Opposition to the bill was led by Ralph Kane, attorney for the Indiana Grain Dealers' Association. He contended the bill contained too sweeping provisions and would "tie the farmer hand and foot" to an experiment which might prove unprofi-

An Appreciation

President Coolidge paid a tribute so well deserved, to the newspapers of America, in a recent address, that there is not a newspaper so humble but what is justified in printing the words of the president, who expressed a deep and sincere conviction that he holds regarding their

Any newspaper refering to the president's words, can do so without boasting, because they represent an honest appreciation from him of the sacrifices that they are always making for the good of the community and the nation at large. ?

The president said that American newspapers are the best newspapers in the world, that they are particularly representative of the practical idealism of the people and that they print more real news and moer reliable and characteristic news than the newspapers of any other coun-

Then, with an unusually keen sense for one who has never had newspaper experience, of the struggles for accuracy, fairness and excellency, which daily and weekly goes on in the editorial offices of all papers great or small, the president said:

**I believe their editorial opinions are less colored in influence by mere partisanship or selfish interest, than are those of any other country. Moreover, I believe that our American press is more independent, more able and less partisan today that at any other time in its history."

Here, surely, is a tribute from one not associated with the newspaper business at any time in his life. which should be appreciated by every newspaper, especially since it comes from one so high in authority William Higgs. not alone in the councils of the United States, but of the world as well.

It demonstrates that he has applied the yardstick of service to the newspapers and has found that they average, have realized what their obligations are and are trying to live up to them.

An enlarged social program will prove of great benefit, not alone to the lodge, but to the whole community, because it will promote friendliness and good fellowship among Masons and their families.

Rushville, and Rush county for that matter, have a right to take pride in the fact that they have men with enough public spirit to save the Masonic Temple for the Masons, so that they will always have a lodge home here. (By United Press) Indianapolis, Ind., Jan. 22-Charges that railroads and traction interests are lobbying in the hope of having regulation of busses placed in the hands of the state public service commission are made in a publie communication today to the legislature.

The communication is signed by W. B. Hiner, of the Hiner Red Ball Lines and the Red Ball Terminal company.

"The railroads and tractions want the public service commission to handle but rates for the benefit of the interurbans and the railroads at the interurbans and the railroads at the expense of the public," the communication sets forth.

"Bear in mind that the public service motor control proposal is the final prelude to railroad monopolication at still higher rates than you are paying."

Senator Lindley, Republican, announced today he is preparing to introduce a joint resolution striking at federal aid for the state highways of Indiana and at "paternalistic government incoround" ernment ingeneral."

The resolution will ask that federal aid on roads be discontinued, Senator Lindley declared.

"The system of federal aid is not right," he said. "Indiana contributes its pro rata share of federal taxes and if it cannot raise enough taxes for highway support alloted this state by the government, it doesn't get the aid.

Then the money goes to some other state that is richer than Indiana or that raises more taxes for road purposes than we do."

Easy Way to Break Severest Cough

No matter how long you have had a persistent, weakening cough—no matter how many remedies you have tried without success—you can usually get relief instantly, and often relieve the entire cough condition in 24 hours, by a very simple method.

The method is based on a remarkable prescription known as Dr. King's New Discovery for Coughs. You simply take one teaspoonful and bold it in your threat for 15 or 20 seconds before swallowing it, without following with water. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the oblegar and congestion which are the direct cause of the coughing. The prompt relief secons almost magical, and the quickness with which the whole cough condition disap-No matter how long you have had

They feel it is a fitting reward for the sterling performances and untiring energy of this king of keystone sackers. They feel if many man can take a bunch of second raters and pull them out of the cellar-to which ward Trowbridge Collins.

As he starts his first season as manager, Collins can be thankful for will be followed: three things-Harry Hooper, Bib 9 a. m. Arlington vs New Salem Falk and Johnny Mostil. This trio of 9:45 a. m. Center vs Fairview outfielders wont burn up the American League, but each one of them is a versatile ball player and as a group they compose an outfield which no baseball pilot would sparn. Hooper, like Collins, is getting old; but apparently he has several good seasons ahead of him. Falk and Mostil are young but not too green and should improve. They are backed up by Maufy Archdeacon, a flashy performer who may get into a great many games this year.

The infield, however, presents Manager Eddie with a real problemthe solution of which might boost the Sox in the final standing.

The biggest gap is at short stop. Through this seive last year passed most of the balls chalked up as losses. Harvey McClellan and Bill Barrett handled the position last season with equal inability. Ike Davis, a minor league veteran, may push both of them to the bench in 1925.

First base will be handled by the more or less efficient Early Sheely. A mighty swatsman and a steady fielder, but he is handicapped by a bum ankle which slows him up to the speed of sorghum at new year's.

Collins will not let the managerial reins prevent him from continuing as baseball's peerless second sacker. Willie Kamm is expected to recover from his 1924 batting slump. He should, if he is to be worth the

Men! Don't Come Home Fagged Out by Hard Work

DOCTORS say that in an enormous number of cases when men come home physically and mentally "all in," nervous and cranky, the real cause is not hard work, but thin, pale, watery blood, deficient in strength-giving iron. Once this iron is restored to the blood it is often astonishing how quickly these men gain new strength, nerve force and endurance.

force and endurance.
But be sure the iron you take is organic iron—Nuxated Iron—and not the old-fashioned iquid medicines and pills made by the action of powerful acids on ordinary mineral iron. Nuxated Iron is a natural organic iron, like the iron in your own blood, and like that in pinach and lentils. Does not injure teeth nor disturb the stomach. So remarkable are the effects of Nuxated Iron that thousands of weak, mervous, tagged out men and women have often increased their atrength, energy, and endurance in only two weeks. Money back if not delighted. But make certain you get genuine guaranteed Nuxated fron tablets with the letters N i en every stables. At all good druggists.

ng came along with the restoration of the sport in New York, an astute manager with a diligent fighter could have made the title worth a lot of money. If the class is a back-number now, it is McTigue's fault, hecause interest cannot be maintained in any class unless there is a lot of activity to keep it going.

McTigne got a lot of advertising when he returned from Georgia and said that he had been "klucked" in his first fight with Young Stribling and that he was forced, with a gun in is back, to enter the ring and fight with a broken hand.

He spoiled what would have been a good chance to redeem himself when he made a miserable showing against Stribling in a return bout in Newark and he would have lost the title if the boxing law in New Jersey permitted the referee to give a decision.

Gene Tunney, the so-called A merican light-heavyweight champion, tried to get a match with Me-Tigue after the second Stribling bout, when the experts agreed that Mike would be beaten the first time he met a good man in a decision fight. McTigue refused to fight Tunnew and he would have been suspended if the New York Boxing Commission had any jurisdiction over him. McTigue was smart enough to remove himself from the reach of the New York commission by not taking out a license.

McTigue, however, cannot blamed for giving the deaf ear to Tunney and Tunney is not in a good position to complain, because Tunney is holding on to his title in the same way. Tom Gibbons challenged Tunney and several promoters tried time in the game was the leaders to make the match before Gibbons asked the commission to force Tunney to fight him. Of the many mistakes that Me-Tigue has made to discredit himself, the worst came when he accepted a match with Mickey Walker, the welterweight champion. There was nothing for him to gain in such a contest but an ordinary purse and he had everything to lose. In fact he lost everything but his title and in his case the title is only so many letters. If he had beaten or had knocked out Walker, he would have been panned for picking on a little fellow. loston heavyweight, ouf-pointed The victory would have been worth Salley Montgomery, former Centre nothing and would only have turned public opinion more against him. Safe Fat Reduction

Why be fat? The answer of most fat people is that constant dieting is hard, continual exercise is tiresome and exhaustive-and then, too, it might be harmful to force the weight down. That was the oldfashioned idea. Today in Marmola Prescription Tablets all these difficulties are overcome. Just a pleasand little tablet after each meal and bedtime causes fat to vanish. This modern method is easy, entails no dicting or exercising and has the added avantage of cheapness.

Get a box of these tablets and start taking them now. Within a short time you will be getting rid of fat steadily and easily without starvation diet or tiresome exercise. You will be comfortable and able to enjoy the food you like and want. Even after taking off many pounds, there will be no flabbiness or wrinkles remaining. You will feel 100 percent better. All drug stores the world over sell Marmola Prescription Tablets at one dollar for a box or the Marmola Company, General Motors Building, Detroit, Mich., will gladly send them to you on receipt of the price.

REAL ECONOMY IN FOOD

lies in buying good food, foods that possess a flavor that makes them palatable and enjoyable.

Cheap foods are never worth what they cost. They are usually tasteless and have no value in adding strength to the body. Did you ever buy a can of cheap fruit or vegetables? Were you not

disappointed and wished you had bought a better grade? Did you ever buy a pound of cheap crackers and not wished that you paid a cent or two more and had crackers that were really good to eat? No waste or extravagance in our groceries, the best foods cost no more than the ordinary kind when bought of us. We are sole agents for the Battle Creek Sanitarium Food Co.'s

products in Rushville. We carry all of the leading sellers in stock and can secure any of the products on short notice. Among the articles we carry at all times are: Minute Brew. Granola. Granose Biscuit, Zo, Vita Wheat, Toasted Rice Biscuit, Gluten Flour, Malted Nuts, Bran biscuit, Sanitarium Cooked Bran, Vita Bits, Protose, Protose Potted, Protose Savory, Vegetable Gelatine, Savita, Colax, Lacto Dextrine, Laxa, Paramels, Yogurt Tablets and Agar.
